The following is an examiner's statement of reasons for allowance: All of the independent claims require that the fuel pressure be "near a maximum allowable fuel collection unit fuel pressure" and this phrase has been interpreted to mean a fuel pressure at which the collection unit would be in danger of mechanical failure. The prior art does not teach this limitation of the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
